**THE GIRL + THE GLORY RELEASE NEW SINGLE, "HYPNOTIZED," ON SEPTEMBER 15**

Los Angeles pop group **The Girl + The Glory** are releasing their debut single, "*Hypnotized*," on September 15th. The song was recorded at Sonic Boom Studio in Venice, CA, and captures a classic timelessness with a breezy energy undoubtedly influenced by the coastal hippie melting pot.

Fronted by the soul-rich tones of vocalist Aaeidi, The Girl + The Glory will take the stage for a release show in October to celebrate the new single, followed by a run of live dates before returning to the studio in early 2018.

The band formed in January 2016 through a secret magic ritual (a Craigslist search), and have been relentlessly performing across L.A.'s many revered stages as they honed their soulful, pop-driven sound.
